

Digital disruption at Cargill

Global IT | Your trusted partners

Cargill by the numbers:

155K+

people employed

70

countries

65

languages

About \$110B US

revenue earned last year

150+

year history

Global IT | Your trusted partners

Cargill by the numbers:

20%

of the world's food
routed through Cargill

220M tons of cargo

moved globally via ocean transport

In North America alone, Cargill ships:

60K

tons of feed
per day

5M

cases of oil
per week

We're focused on one number:

9.5B

The number
of people
projected to
be on the
planet by 2050

How will Cargill
achieve it's purpose
to nourish the world?

Agriculture is our backbone,
but the
rules are
changing
